

Ghifari Nafhan

Web Developer | Software
Engineering Student at Gadjah
Mada University

📍 Umbulharjo, Yogyakarta City,
Special Region of Yogyakarta,
Indonesia

I'm a passionate student at Gadjah Mada University with a strong interest in Backend Development and Machine Learning. I've gained experience with frameworks such as Next JS, Nest JS, and Express JS, Flask, Machine Learning and I'm proficient in MongoDB and MySQL.

I'm highly responsible, inquisitive, and dedicated to staying updated with the latest technologies. I thrive in collaborative team environments and believe effective teamwork is key to success in complex technical projects.

I'm always open to discussions and collaborations in the field of Backend Development and Machine Learning. Feel free to connect with me if you're interested in connecting or collaborating on exciting projects. I'm enthusiastic about building new professional relationships and driving innovation in the tech world.

Projects

NAFHAN AI

NAFHAN-AI Platform is an innovative website utilizing artificial intelligence to predict outcomes based on the input you provide.

BOBA STORE

Boba store website using Next.js, MongoDB, and CRUD operations! Offering an immersive menu experience, users can customize their bubble tea, place secure orders, and enjoy responsive design across all devices.

Work Experience

Competition Division of Technology Enthusist Day 2023 • Tech Enthusiast Day

September 2023 - Present

- Organized coding competitions, creating guidebooks and diverse problem sets.
- Collaborated with problem-setters and judges for fair evaluations.
- Provided real-time technical support during competitions and managed results.

Education

2023 - 2027

Universitas Gadjah Mada (UGM)

Teknologi Rekayasa Perangkat Lunak

2021 - 2023

SMA NEGERI 5 YOGYAKARTA
